WELCOME

Our congress marking the **100th anniversary of Neural therapy** according to Huneke will take place from June 11th to 15th, 2025 at the Hilton Hotel in Mainz, Germany.

100 years ago, the brothers Ferdinand and Walter Huneke discovered neural therapy. Since then, this therapy has spread from Germany to the whole world and has continued to develop. Numerous illnesses can now be alleviated or even cured by neural therapy according to Huneke. It is time to celebrate this great achievement together. The five days of our congress are dedicated to exchange ideas and to connect. We have been able to attract nationally and internationally renowned lecturers for our congress. Numerous lectures and workshops await you. In addition to the official program, we are looking forward to international encounters, the highlight of which will be the gala evening on June 13th, 2025 in the historic Castle of Mainz. More information on the conference program and the registration process will be available shortly.

We are looking forward to welcome many of our colleagues from all over the world who value neural therapy according to Huneke as much as we do.

Your organizing team

PROGRAM

WEDNESDAY, 11 JUNE 2025

18.00-20.00 **Get Together**
Hilton Hotel Mainz, Weinstube

THURSDAY, 12 JUNE 2025

09.00-09.30 **Kongresseröffnung**
Robert Hammer /
Dr. med. Patrick Huneke

09.30-10.00 **Neuraltherapie 1925 - 2025,
Über Empirie zur wissenschaftlichen
Methode**
Dr. med. Hans Barop

10.00-10.30 **Communication in the Neuroimmune
System. The role of Neural Therapy**
Prof. Dr. med. Lorenz Fischer

10.30-11.00 **Neuronale Modulation von
Krankheitsprozessen**
Prof. Dr. med. Georg Schaible

11.00-11.30 **Break**

11.30-12.00 **The magic of Neural Therapy**
Dr. med. Regina Stemberger

12.00-12.30 **Demystifying the Concept of
Interference Fields: Silent
Inflammation and Stress as Central
Factors of Autonomic Nervous
System Dysregulation**
Dr. med. dent. Gerasimos S.
Papathanasiou DDS, PhD

12.30-13.00 **Update from Colombia**
Dr. med. Laura Bibiana Pinilla Bonilla

13.00-14.00 **Lunch Break**

PROGRAM

14.00-16.00 **Workshop-Program**

Room 1

Therapeutic differences between the injection of the ganglion Supremum versus ganglion Stellatum. When to choose which injection.

Dr. med. Armin Reimers

Room 2

Fascial release in Neural Therapy. Fast reactions and rapid decrease of sympathetic tone

Dr. med. David Vinyes / Teresa Garcia Caballero

Room 3

Therapy of acute and chronic low back pain, a very effective injection technique

Robert Hammer

Room 4

New Injection techniques: Gow-Gates, Ganglion pyterygopalatine, Abdomen

Dr. med. Bernd Belles / Dr. med. Gerd Belles

Room 5

Intraarterial Injection in Neural Therapy

Dr. med. Alain Huneke / Dr. med. Patrick Huneke

FRIDAY, 13. JUNE 2025

09.00-09.30 **Neural Therapy and ANS Analysis –**

make regulation visible

Dr. med. Susanne Neuy

09.30-10.00 **The essence of Neuraltherapie according to Huneke, 100 years of success**

Dr. med. Armin Reimers

10.00-10.30 **Neuro-medical aspects of neural therapy**

Dr. med. Bettina Kneip

10.30-11.00 **Neuroimmunology and the Autonomic Nervous System**

Dr. med. Gerd Belles

11.00-11.30 **Break**

PROGRAM

11.30-12.00 **Diaphragma-Dysfunktionen müssen verstanden und behandelt werden: Perspektiven der Neuraltherapie**

Prof. Dr. med. Hüseyin Nazlikul M.D., Ph.D.

12.00-12.30 **Teeth-jaw area and systemic health. New pathophysiological aspects**

Dr. med. Lucy Naomi Shiratori Tusita

12.30-13.00 **Craniomandibular dysfunction and Gow-Gates technique**

Dr. med. Bernd Belles

13.00-14.00 **Lunch Break**

14.00-16.00 **Workshop-Program**

Room 1

Ultrasound guided nerve block techniques in Neuraltherapy

Dr. med. Christian Maier / Dr. med. Kay Polonius

Room 2

Diagnose und Therapie der ersten Rippe: Erkennen und neuraltherapeutisch behandeln

Prof. Dr. med. Hüseyin Nazlikul M.D., Ph.D.

Room 3

Neuraltherapeutische Behandlungsoptionen in der Gynäkologie

Dr. med. Angelika Russ

Room 4

The influence of Emotional Trauma on Dysregulation of the Autonomic Nervous System and Strategies to overcome its therapeutic obstacles

Dr. med. dent. Gerasimos S. Papathanasiou DDS, PhD

Room 5

Resolving Emotional Trauma and Interference Fields with Neural Therapy:

An Overlooked Psycho-Therapeutic Tool

MD Michael Gurevich

ca. 18.30

Gala Dinner

Kurfürstliches Schloss Mainz

PROGRAM

SATURDAY, 14. JUNE 2025

- 10.00-10.30 **Palpation-guided Neural Therapy - a novel approach to finding interference fields**
Dr. med. MD Richard Nahas
- 10.30-11.00 **The value of Stellate Ganglion Block in Neuraltherapy**
Dr. med. Sven Soecknick
- 11.00-11.30 **Mikrobiom und Saluthogenese - auf der Spur der Innere Abwehr und die Rolle der Neuraltherapie**
Prim. DDr. med. Petja Pehler
- 11.30-12.00 **Break**
- 12.00-12.30 **The limits of neural-therapy: ozone-neural-therapy a perfect combination**
Dr. med. Uwe Günter
- 12.30-13.00 **Neural Therapy in Ophthalmology – What you need to know**
Dr. med. Emmanuel Duque
- 13.00-13.30 **Does triggerpoint treatment influence the autonomic nervous system?**
Dr. med. Johanna Fork
- 13.30-14.30 **Lunch Break**

PROGRAM

- 14.30-16:30 **Workshop-Program**
- Room 1**
New Techniques for Vagus Nerve and Gasserian Ganglion
Dr. med. Laura Bibiana Pinilla Bonilla
- Room 2**
Neural therapy in N.M.R uro-andro-gynecological: videos of new strategies
Dott. Franco Donati
- Room 3**
Die Injektion an die Kopfganglien
Dr. med. Michael Wildner
- Room 4**
Retromastoidal injection towards the jugular foramen: a novel technique to influence the highest point of the vagus nerve and the cervical sympathetic chain. In memory of its creator: Dr. Fernando Córdoba.
Dr. med. David Vinyes
- Room 5**
Die transformative Anwendung von Procain und Lidocain als intravenöse Applikation
Prof. Dr. med. Uwe Rudolf Max Reuter /
Dr. med. Ralf Öttmeier

PROGRAM

SPONSORS

SUNDAY, 15. JUNE 2025

10.00-10.30	Neural Therapy in Neurodegenerative Diseases: let us accept the challenge Dr. med. Giorgio Romani
10.30-11.00	Ultrasound Examination of Trigger Points - Practical Proceedings Prim. em. Dr. med. Helmut Liertzer
11.00-11.30	Neural therapy for gynecological pain PD Dr. med. Stefan Weinschenk
11.30-12.00	Break
12.00-12.30	Neuraltherapie als Element der stationären Naturheilkunde Dr. med. Marc Werner
12.30-13.00	Therapeutic local anesthetic injections in the lower cervical tract: Beyond neck pain. Addressing headaches and orofacial pain, proposing new indications Dr. med. Gianluca Galluccio
13.00-13.30	Palpation as an indispensable tool to locate and release interfering fields in the fascial system Dr. med. David Vinyes
13.30 -14.00	Closing ceremony

Arnika Apotheke	2.000,00 €
Cardisio GmbH	1.700,00 €
Commit GmbH	4.500,00 €
Hänsler Medical GmbH	3.000,00 €
inflamed pharma	2.000,00 €
LaVita GmbH	2.000,00 €
Pascoe pharmazeutische Präparate GmbH	4.300,00 €
vitOrgan Arzneimittel GmbH	2.000,00 €

The content of this event will be product and service-neutral. Please note that the academic director and speakers are required to disclose any potential conflicts of interest to participants. The funds will be used proportionally for: technology, speakers, room rental, catering, organization, and implementation.

SPEAKER

- Dr. med. Hans **Barop**, Germany – Surgeon, Scientific Committee IFMANT, Past President IGNH
- Dr. med. Bernd **Belles**, Germany – General practitioner, Instructor IGNH
- Dr. med. Gerd **Belles**, Germany – General practitioner, Instructor IGNH
- Dott. Franco **Donati**, Italy – Surgeon, Gynaecology
- Dr. Emmanuel **Duque**, Brazil - Physician
- Univ.-Prof. Dr. med. Lorenz **Fischer**, Switzerland – General Internal Medicine, University of Basel - Neural Therapy, Scientific Committee IFMANT
- Dr. med. Johanna **Fork**, Germany – General practitioner, Member of Board IGNH, Instructor IGNH
- Dr. Gianluca **Galluccio**, Italy – Physician
- Teresa Garcia **Caballero**, Spain – Sabadell (Barcelona)
- Dr. med. Uwe **Günter**, Germany – President of DGfAN, Orthopedic Surgeon
- MD Michael **Gurevich**, USA – Vice President of NAANT, Psychiatrist
- Robert **Hammer**, Germany – Anesthetist special pain therapy, President IGNH
- Dr. med. Alain **Huneke**, Germany – Orthopedic Surgeon, Member of Board IGNH, Instructor IGNH
- Dr. med. Patrick **Huneke**, Germany – General practitioner, Member of Board IGNH, Instructor IGNH
- Dr. med. Bettina **Kneip**, Switzerland – General Internal Medicine, President of SANTH
- Prim. em. Dr. Helmut **Liertzer**, Austria – Orthopedic Specialist, Past President ICMART, Past President NT-Austria, Board member IFMANT
- Dr. med. Christian **Meier**, Germany – Orthopedic Surgeon, Member of Board IGNH, Instructor IGNH
- MD Richard **Nahas**, USA – President of NAANT, CAPM, AAPM
- Prof. Dr. Hüseyin **Nazlikul** M.D., Ph.D., Turkey – Physical and Rehabilitation Medicine, President IFMANT
- Dr. med. Susanne **Neuy**, Germany – General Practitioner, Instructor IGNH
- Dr. Ralf **Öftmeier**, Switzerland – Orthopedic Specialist

SPEAKER

- D. Gerasimos S. **Papathanasiou** DDS, PhD, Greece – Dental Professional, President Hellenic Society of Neural Therapy and Study of Homeostasis International Society of Holistic Dentistry (GZM) Germany
- Prim. DDr. Petja **Piehler**, Austria – Head of the Internal Department KH Tamsweg, Vice President ICMART & IFMANT, Vice President NT-Austria
- Prof. Laura Bibiana **Pinilla Bonilla**, Colombia – National University of Colombia, Master in Neural Therapy. Coordinator of the Neural Therapy master program at the National University of Colombia
- Dr. med. Kay **Polonius**, Germany – Orthopedic Surgeon, Vice President IGNH
- Dr. med. Armin **Reimers**, Mexiko – General practitioner, President of the Mexican Society of Neural Therapy
- Prof. Dr. med. Uwe Rudolf Max **Reuter**, Germany – Neuropathy, University Anhalt
- Dr. Giorgio **Romani**, Italy – Surgeon, Geriatrics, President NEURALIA
- Dr. med. Angelika **Russ**, Germany – Gynaecology, Instructor IGNH
- Prof. Dr. med. Georg **Schaible**, Germany – University of Jena, Neurophysiologist
- Dr. Lucy Naomi **Shiratori Tusita**, Brazil – Dental Surgery
- Dr. med. Sven **Soecknick**, Germany – General practitioner, member of Board IGNH
- Dr. Regina **Stemberger**, Austria – Physical and Rehabilitation Medicine, President NT-Austria
- Dr. David **Vinyes**, Spain – MD, MSc in Neurosciences and in Medical Anthropology, Medical Director of Institute of NT, Sabadell (Barcelona), Director of Master's Degree in Medical NT, Barcelona University
- PD Dr. med. Stefan **Weinschenk**, Germany – Gynaecology & Obstetrics, Naturopathy, Univ. Heidelberg
- Dr. med. Marc **Werner**, Germany – Ev. Kliniken Essen-Mitte, Chief physician, Department for Naturopathy and integrative medicine
- Dr. med. Michael **Wildner**, Austria – General Practitioner / Instructor IGNH
